SOMETHING BIG IS HAPPENING IN MILTON KEYNES - BE PART OF IT!

The benefits of supporting the MK STEM Awards

We want the MK STEM Awards to create real excitement across the STEM community of MK, and we're looking forward to learning about the challenges and successes that this critical UK industry manages every year. There are so many positives and benefits that will flow from supporting this awards programme:

- Acknowledging new standards of excellence and innovation.
- Identifying and celebrating our MK STEM heroes.
- Encouraging benchmarking and continuous improvement.
- Providing recognition for the achievements of individual, teams and organisation.
- Improving motivation
- The honour of being recognised by a jury of your peers.
- Building industry relationships - encouraging collaboration and co-operation.
- Supporting the MK STEM Awards will put you and your organisation at the forefront of STEM excellence and innovation in MK, with opportunities for brand alignment, profile enhancement, thought leadership and values sharing and a platform to tell your STEM story through PR and Marketing.

Join us in supporting the inaugural MK STEM Awards. There's a wide range of partnership packages to suit all budgets, and we welcome expressions of interest from STEM related organisations across Milton Keynes and surrounding areas.
